

AMMAN CHOUGLE'S PORTFOLIO

INTRODUCTION

Amman Chougale

Born on 2nd April 2001

Email: amaan020401@gmail.com

Contact Number: [+91 82914 59150](tel:+918291459150)

Country of origin: India

Open for UK and global opportunities

SUMMARY

Mechatronics Engineer with 3 years of experience transforming ideas into field-ready automation, embedded, and IoT solutions. I specialize in developing practical control architectures, connected hardware, reliable commissioning, and data-driven systems that enhance operational visibility, efficiency, and performance in real-world environments. I am proficient in managing projects effectively to ensure timely delivery while maintaining high quality standards. I also prioritize health and safety by applying structured risk assessment practices to support safe, efficient, and reliable operations.

A stack of five white books is shown against a light gray background. The top book is leaning against the stack, and its cover features the word "EDUCATION" in a dark blue, sans-serif font. The other four books are stacked horizontally behind it, showing their spines and edges. The lighting is soft, creating subtle shadows on the books and the surface they are resting on.

EDUCATION

MASTER'S DEGREE

MSc (Engineering) in Mechatronics and Robotics,

University of Leeds,

Leeds, United Kingdom

Passed with Merit

September 2022 to December 2023

Modules: Aerial Robotics, Control Systems Design,
Soft and Continuum Robotics, Modern Industry
Practise, Medical Electronics and E-health,
Mechatronics Design and Application, Bio mechatronics
and Medical Robotics, Basic Programming

UNIVERSITY OF LEEDS

BACHELOR'S DEGREE

Bachelors in Mechatronics Engineering,

Terna Engineering College(Mumbai University), India

Passed with Distinction

August 2019 to June 2022

Modules: Product development, Sustainable Engineering Practices, Fluid Mechanics, Sensors and Actuators, Modelling and Simulation, Applied Hydraulics & Pneumatics, Renewable Energy Systems, Environmental Engineering Ethics & Policy, Digital Library

DIPLOMA

Diploma in Mechanical Engineering,
Abdul Razzak Kalsekar Polytechnic(MSBTE), India
June 2016 to June 2019

Modules: Mechanical Design, Automotive Design, Heat Ventilation and Air Conditioning, Renewable Energy Systems, Engineering Mechanics and Drawing, Applied Hydraulics and Pneumatics, Basic and Applied Electronics

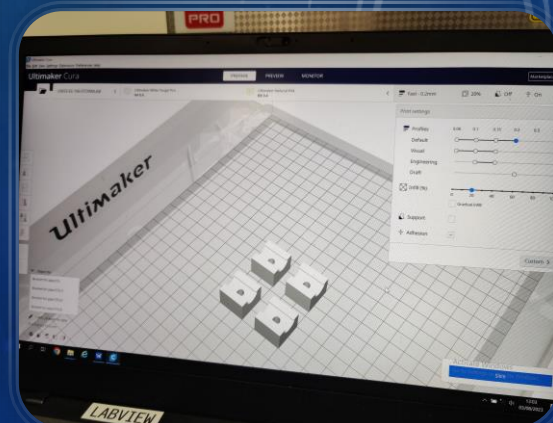

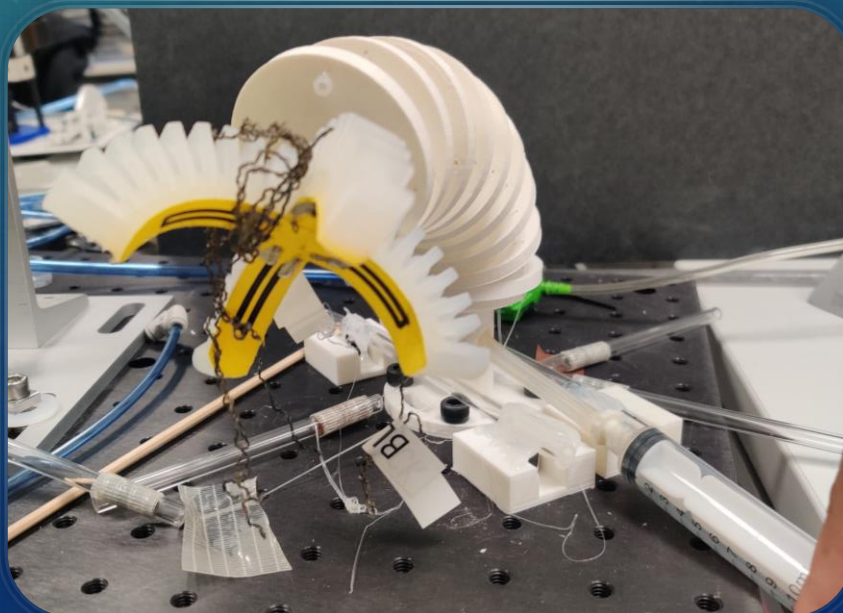

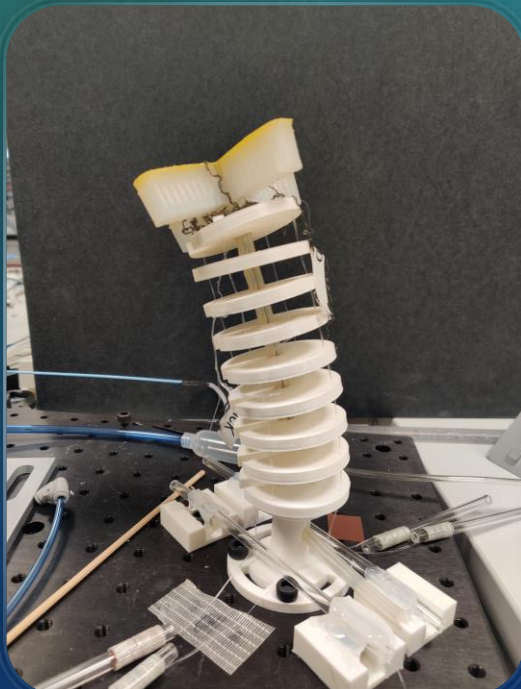

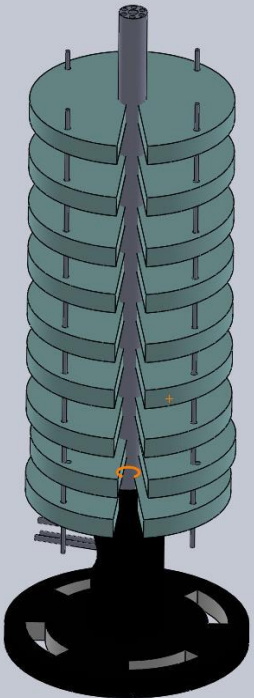

ANJUMAN - I - ISLAM'S
A. R. KALSEKAR
POLYTECHNIC, NEW PANVEL

**PROJECTS
ACHIEVED**

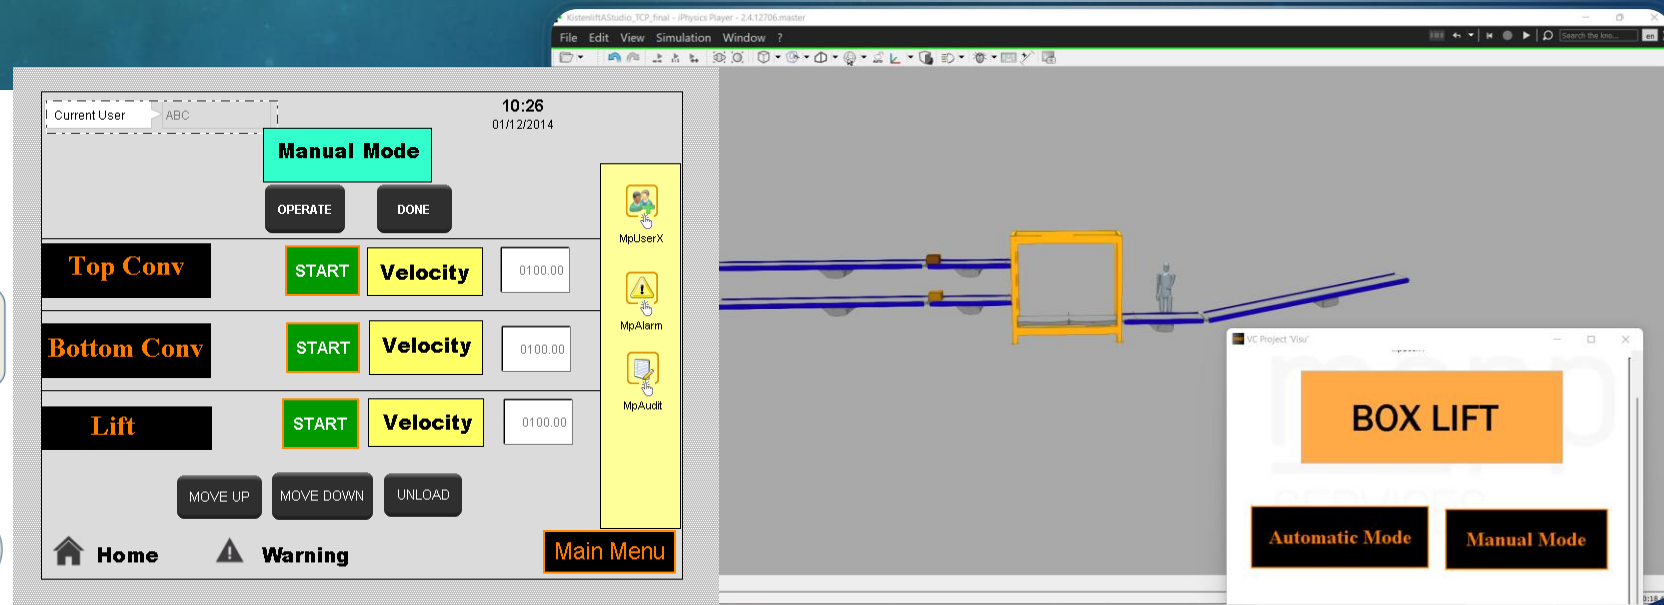

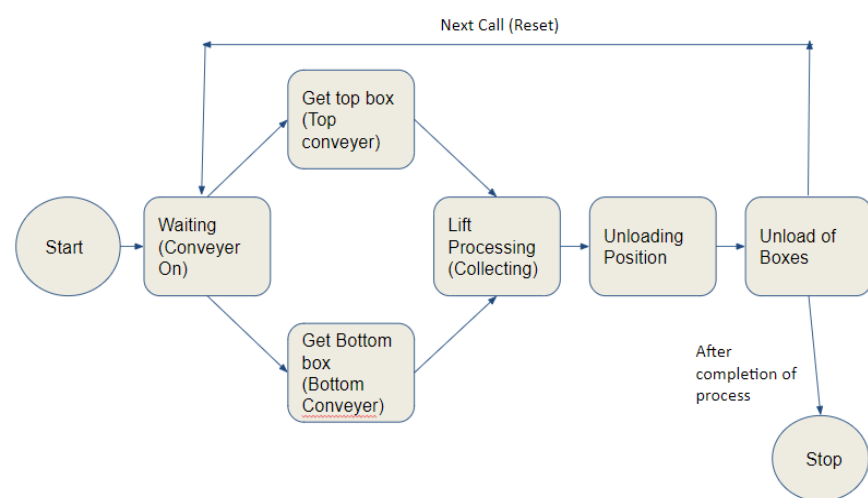

Design and development of continuum arm for soft applications

- ❑ Designed a modular hybrid continuum arm with tendon-driven and pneumatic actuation.
- ❑ Utilized 3D printing and innovative pneumatic tubing for streamlined functionality.

Design And Development Of HMI For Conveyor Systems

- ❑ Developed an automated box lift system with state machine programming, sensor integration, and intuitive HMI.
- ❑ Used digital twin tech for efficient testing, boosting throughput and enabling proactive maintenance.

All terrain trike' (off-road vehicle) during diploma (group of 8)

- ❑ Developed a hybrid crawler-wheeled trike offering enhanced stability, traction, and shock absorption for hostile terrains.
- ❑ Designed for versatile applications in agriculture, construction, and off-road exploration, using cost-effective, existing materials.

TECHNICAL SKILLS

Mechanical Design & CAD – SolidWorks, AutoCAD, Autodesk Inventor, Fusion 360, DFM/DFA, 3D Printing

Hardware Development – Embedded Systems, PCB Design, Circuit Design, Prototyping, Arduino, Raspberry Pi, ESP32/ESP8266

Industrial Automation – PLC Programming (IEC 61131-3), SCADA/HMI, Control Panels, Instrumentation, Commissioning

Industrial IoT – IIoT Architecture, MQTT, HTTP, Edge-to-Cloud Connectivity, Data Acquisition, Remote Monitoring

Programming – Python, MATLAB, C, Structured Text (ST), HTML/CSS

Industrial Communication – Modbus RTU/TCP, RS-485, UART, I²C, SPI, Analog & Digital I/O

Engineering & Analysis – System Integration, Testing & Validation, Root Cause Analysis, Feasibility Studies, Technical Documentation

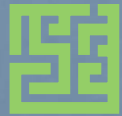

Power & Sustainability – Energy Monitoring, Power Systems, Utility Automation, Net Zero Engineering

INTERPERSONAL SKILLS

Presentation Excellence:

Deliver compelling reports and presentations.

Analytical Insight: Skillfully solve problems and dissect complex issues.

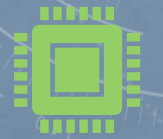

Investigative Strength: Possess a knack for in-depth research.

Machine Proficiency: Expertly operate a variety of machinery

Health/Safety and Risk Assessment: Implementation

Training: Software Applications, Embedded, IOT and Mechatronic Systems

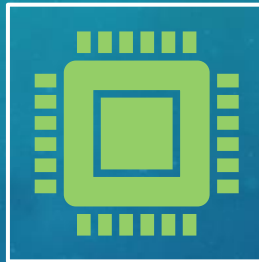

PROFESSIONAL EXPERIENCE

Mechatronics Engineer , Indra Water (Dec 2024- Present)

Industrial IoT, Edge-to-
Cloud Integration &
Automation Lead

Embedded Hardware
Development & Electronic
System Design

System Integration,
Commissioning &
Troubleshooting

INDRA

Trainee Project Engineer , B&R Automation Pvt Ltd, Mumbai (Sep 2021 – May 2022)

Programming
of B&R control
systems and
software tools.

ST and LD
programming.

Digital Twin

HMI

Automation

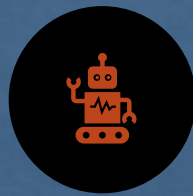

A member of
the ABB Group

Trainee, Festo Didactic India Pvt. Ltd, Mumbai (July 2020 – Oct 2020)

Hydraulic and
Pneumatic Circuit
Designs

Industrial automation
and robotics on 3D
virtual software.

Basics of PLC and
PLC programming

Trainee Engineer, L&T Electrical And Automation Pvt Ltd, Mumbai (Dec 2019 – Jan 2020)

SR/CT Defect
Analysis

Quality
Improvement

SAP
Optimization

ACB
Assembly/Trouble-
shooting

Team
Collaboration

Schneider
Electric

**Lauritz
Knudsen**
Electrical & Automation

L&T Electrical & Automation

Additional Experiences

- **Retail Assistant** at Chera Food Company, Leeds, United Kingdom (Nov 2023 – June 2024)
- **Retail Representative** at Marks and Spencer Foods, Leeds, United Kingdom (Mar 2023 – Sep 2023)
- **Mathematics Tutor** at Edufarm Tutorials, Mumbai, India (Apr 2021 – Sep 2022)
- **Document Controller** at I.K. Enterprises (Jan 2020 – Present)

Interests

Mechatronics Engineer

Hardware Design /
Electronics Engineer

Embedded / IOT
Engineer

Medical Devices and
Innovation

CONCLUSION

Give my 100% anywhere I work

Love working with a team and can work individually

Always thrive to deliver projects on time

THANK YOU
